Action: See below

1. Heretofore [REDACTED] Station requests to sanitize [REDACTED] studies for release to [REDACTED] have been limited almost exclusively to documents for passage to [REDACTED]. The Liaison Branch [REDACTED] has reached the conclusion, after years of concentrating the large bulk of [REDACTED]-produced analytical support on this one service, that KUBARK will get more mileage out of the excellent [REDACTED] studies if they are more widely disseminated among [REDACTED]. The reasons for this wider dissemination are varied. The most important reason is that the other services are either currently giving KUBARK more than [REDACTED] does or have a potential for doing so. The services that [REDACTED] has in mind are [REDACTED].
